# Seven Years of Solid Growth

Make Wisconsin Gas & Electric Company's "Safe Home 7 Per Cents" a Most Desirable Investment for Wisconsin Savings Investors.

Wisconsin Gas & Electric Company is now selling, to Wisconsin investors:

**\$500,000 of 7 per cent preferred stock, in \$100 shares.**

**\$500,000 of 5-year 7 per cent Gold Notes, in \$50, \$100, \$500 and \$1,000 sizes.**

**Price, either issue, par for cash.** Bank draft, certified check or postoffice money order should be sent with mail orders.

**Preferred stock dividends of \$7 a year on each share** are payable April 15, July 15, October 15 and January 15. **This stock shares equally with the common stock all dividends paid over 10 per cent.**

**The notes mature March 1, 1925.**

Interest is payable March 1 and September 1. On any interest date to September 1, 1924, noteholders who so desire can exchange them at par for shares of the Company's 7 per cent preferred stock.

Prospective buyers of these securities will be interested in a brief history of the Company's growth, as revealed in these figures:

**Customer increase:** 1913, 18,177; 1914, 19,904; 1915, 22,819; 1916, 24,095; 1917, 27,118; 1918, 29,764; 1919, 31,940.

**Operating revenue:** 1913, \$753,410.67; 1914, \$787,777.62; 1915, \$950,786.75; 1916, \$1,143,791.43; 1917, \$1,510,679.06; 1918, \$2,106,440.89; 1919, \$2,451,270.58—a total of \$9,654,106.49 in seven years.

**Interest paid on funded debt:** 1913, \$99,545.26; 1914, \$100,000; 1915, \$111,659.70; 1916, \$127,524.90; 1917, \$151,280.58; 1918, \$160,901.74; 1919, \$173,778.05—a total of \$924,690.28 in seven years.

**Net income for dividends and surplus:** 1913, \$106,053.23; 1914, \$86,397.35; 1915, \$191,608.02; 1916, \$179,455.37; 1917, \$159,558.84; 1918, \$163,998.23; 1919, \$146,911.87—a total of \$1,083,012.91 in seven years.

**Preferred stock dividends paid:** 1913, \$12,000; 1914, \$12,000; 1915, \$12,000; 1916, \$12,000; 1917, \$12,000; 1918, \$12,000; 1919, \$12,000—a total of \$84,000.

**Common stock dividends paid:** 1913, \$85,000; 1914, \$75,000; 1915, \$120,887.50; 1916, \$157,482.50; 1917, \$136,875; 1918, \$129,513; 1919, \$104,850—a total of \$809,540.

**Total dividends in seven years: \$944,792;** total dividends and interest on funded debt, \$1,869,482.28.

**Wisconsin Gas & Electric was not a "war profiteer."** Costs rose faster than rates. We worked during the war years at top speed, to meet not only the war demands but a rapid increase of permanent growth.

**The Company began business** in 1912, taking over the Racine gas business and the Kenosha gas, electric and street railway business. Its outstanding capitalization in 1913 was \$3,200,000. Including the two issues now on sale, its outstanding capitalization now is \$6,631,000. The increase represents a sound and profitable investment in additions to plant and property. The Company now operates in ELEVEN of the richest, most populous and fastest-growing counties of Southeastern Wisconsin, and is still growing rapidly.

## POSTAL RECORDS GO BY BOARD THIS YEAR

NUMBER OF INSURED PARCEL POST PACKAGES ALREADY EXCEEDS LAST YEAR'S TOTAL

With two and a half months still to go, the record of the local postoffice for the number of insured parcel post packages has been broken. Appleton patrons insured 14,226 parcels during the year ending June 30, 1919. Up to the close of business last night the number had reached 14,289 and the year is not up until July 1. This is only one example of how the business of the postoffice has grown.

All records have been shattered in the handling of ordinary parcel post since the express strike started. Every morning the office is flooded with

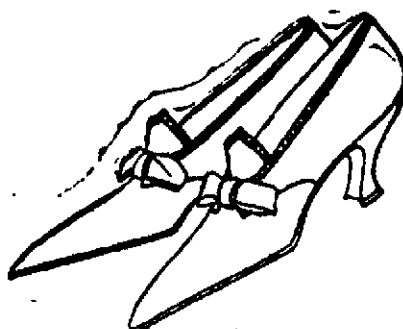

packages of all sizes destined for the business district, virtually taxing the facilities to the limit. Clerks have been obliged to work overtime in order to keep pace with the rush. This condition may be alleviated somewhat now that the express embargo is lifted, although it is ventured that the possibilities of the parcel post service have been so thoroughly demonstrated that many firms will continue this method of shipping smaller amounts of merchandise.

**52¢**

How would YOU like a raise like this?

—and for  
**34 Years Work**

**THAT** is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more *per church member* than he was paid 34 years ago.

### The Minister Never Fails You

Every officer of the Government, with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

### We Pay Him Half the Wages of a Mechanic

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic. And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3¢ a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

### We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can make.

**REPLACE PAVEMENT** The Wisconsin Traction, Light, Heat and Power company has a crew of men engaged in replacing the stone pavement between its rails on Pearl street with brick. The old pavement had become so uneven and worn that it interfered with traffic.

**NEW BONDS** Definitive bonds of

the city will be distributed by the local banks and are now being distributed. They are to replace the bonds whose coupons expired and were turned in to the banks for exchange for those bearing a new set of coupons for the remaining term.

**NEW STORE**—A cash and carry grocery store will be opened Saturday at 725 College Avenue. In the building formerly occupied by Miss Grover. The store will be under the management of Joseph Van Hatten of Appleton. The new concern is owned by the Green, Arnold and Pacific Tea Company.

**SMALL FIRE**—A small fire on the porch roof of the residence of Jacob Jung, 927 Richmond street, called out the fire department about four o'clock yesterday afternoon. Sparks from a chimney were supposed to have been the cause. The damage was slight.

**MOVES BY TRUCK** The Northern Wisconsin company of Green Bay, Wis., has a truck from Appleton to its station. A consignment of fruit was delivered.

**ROTARIANS GIVEN ROYAL WELCOME**

APPLETON MEN IMPRESSED WITH WONDERFUL ENTERTAINMENT PROVIDED AT CONVENTION.

Appleton delegation of Rotarians returned last evening from Wausau and is loud in its praise of the convention. Appleton men characterized it as one of the most enthusiastic gatherings they ever attended and have a new idea of what a Rotary membership really stands for after rubbing elbows with over 700 live wires from the 15th district.

"The Rotarians and citizens of Wausau are royal entertainers," said W. O. Thiede, president of the local club. "The fact that upwards of 200 more came than were expected never made a moment's difference. Every-

one was overwhelmed with the spirit of welcome manifested. There wasn't a lonesome or idle moment."

To add to the program of good things and good times, the Fargo, N. D., delegation started doing things the moment they arrived and never let up until the last minute. The result was that Fargo was granted the privilege of entertaining the 1921 convention. It is their boast that they will go Wausau one better, but the wonderful time we had makes this seem hardly possible.

## COLLEGE FRATERNITY ACQUIRES A NEW HOME

The Phi Kappa Alpha fraternity of Lawrence college completed plans today for the purchase of the Spear residence on South street, two blocks from the campus, which will be redecorated and remodeled so as to make it the most ideal fraternity home at the college.

Up to this year, Phi Kappa Alpha was the youngest fraternity connected

with the college, but its rapid progress has now ranked it with any college fraternity on the campus.

Because of the war it was handicapped by losing its house and was required to take unsuitable quarters on Lawrence street. The new home will put it on a sound basis and will also be put in a position of greater advantage.

The Spear residence will make probably the best fraternity home at Lawrence and decorators and remodelers are now busy putting the house in shape so that the fraternity can move in about May 1.

## UNION HIGH SCHOOL IS PROPOSED FOR NICHOLS

A mass meeting will be held at Nichols this evening to consider the possibility of establishing a union high school there for the surrounding towns. The district school at Nichols is overcrowded now, and the farmers desire to establish a school with ample capacity for the locality. If enough support can be gained, plans can be worked out, a vote will

be taken among the residents of the townships affected. Work is under way for a \$45,000 storage building in connection with the canning factory there. A brick shelter building is also being erected in the town for the use of farmers who wish to park their automobiles or tie their horses.

### SHARP INCREASE IN GRAIN FUTURES

BIDDING FOR CORN AND OATS IS ACTIVE FOLLOWING REPORTS OF RECORD PRICES.

By United Press Leased Wire  
Chicago—Grain futures were sharply higher on the Chicago board of trade today after opening at about last night's close. Bidding on both corn and oats was active and offers increased later today as reports came in of record prices being paid for rye and wheat for export purposes and the steadily rising bids for cash grain.

Grain receipts were light on all markets today and thus stimulated buying.

Provisions showed a gain over the opening.

May corn, up  $\frac{1}{4}$  on opening, \$1.18, gained  $\frac{1}{4}$ , July corn, \$1.61  $\frac{1}{2}$ , up  $\frac{1}{4}$  on opening, advanced 2 during the day. Sept. corn, down  $\frac{1}{4}$  on opening at \$1.55  $\frac{1}{2}$ , rose 2 points.

May oats, up  $\frac{1}{4}$  at the opening figure, 95  $\frac{1}{2}$ ¢, advanced  $\frac{1}{4}$ , July oats gained  $\frac{1}{4}$  after opening up  $\frac{1}{4}$  at 86  $\frac{1}{2}$ ¢.

This breath-taking picture is the work of a great dramatist-interpreter of today's happenings—those events which are so big and world-shaping that mere newspaper accounts give us no grasp of them. "The Cup of Fury" is truly a great picture, a picture whose story will linger in your mind for months after you have seen it. Don't miss it!

### Who are Hickey-Freeman Anyway?

It is a fair question,  
here is a fair answer:

Hickey-Freeman is the institution which specializes in fine custom workmanship wherever it contributes to fit, to service, or to style, and which has lifted the making of men's ready-for-service clothes from the plains of industry to the heights of art.

Not for nothing are they called

## GOVERNMENT HITS AT RADICALS BACK OF SWITCH STRIKE

(Continued from page 1)

on some years ago but that it failed because of lack of support. Switchmen on several roads voted to return to work here late yesterday and forty more voted to return today on the Rock Island. Foremen and engineers on both the Fort Wayne and Panhandle sides of the Pennsylvania were to return to work today.

**Teamsters on Strike**  
New York—Tool distribution in New York already seriously hampered by the strike of railroad employees was further threatened today.

day by a strike call issued by teamsters and chauffeurs who transport certain cases of produce from the city to the city market.

Five hundred chauffeurs employed by wholesale poultry, butter and egg houses walked out early today. They claimed they would be joined by other chauffeurs who handle ninety per cent of the vegetables and other produce consumed in New York.

The union demanded increased wages. Union leaders said they were not striking in sympathy or in connection with the walkout of railroad employees.

**Rail Situation Better**  
General improvement of the railroad strike situation in the New York district was reported by railroad officials today. Strikers were reported gradually returning to work. Brotherhood representatives who have been fighting the "rump" strike predicted nearly all strikers would be back at work by the end of the week.

Passenger traffic was reported improving on all roads. Volunteers were being used to operate many suburban trains and handle work in the yards. Several hundred students were also working in the yards.

**Milwaukee Men Staid Pat**  
Milwaukee, Wis.—The switchmen here continued standing pat today, although members of the old brotherhoods declared the strike was weakening and might be broken at any hour by the men returning to work.

Attempts have been made, without apparent success, to call out the engineers and shopmen in an "emergency" move in an effort to paralyze transportation here.

The present coal shortage will be relieved as soon as the straits at Mackinac are free of ice. Produce dealers and packers say there is enough food in the city to meet demands indefinitely. Most of the milk is brought in by truck or electric trains. Railway officials declare the switchmen will be back at work by the end of the week.

**Strikers Quit Ranks**  
Pittsburgh, Pa.—Railroad officials today were hopeful of his desertions from the ranks of strikers following the break last night when 125 of the 150 firemen employed in the Pitsburgh yards of the Pennsylvania railroad returned to work.

Joseph Spilker, Otto Ertl and Theodore Grosse were visitors at Greenville yesterday.

## HOW'S YOUR BLOOD? Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks, such as Doctor Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and many skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Doctor Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c. for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Write Dr. Pierce for free confidential medical advice or for free booklet on any chronic disease.  
Grand Rapids, Wis.—"I had stomach trouble for about eight years. Had to be very careful what I would eat or I would be sick. I suffered something terrible about a year ago. I started to take 'Golden Medical Discovery' and two bottles put me in fine condition. I can eat anything and do not feel distressed. I had taken many medicines previous to this and had doctors prescribe for me, but nothing seemed to give me any relief."—MRS. EMIL OLSBERG, 212 11th Ave., North.
